The Wheeling and Youngstown teams didn't play at the island park yesterday afternoon, owing to the fact that the visiting team missed a train connection up the river and did not arrive in town until after the hour scheduled for the game, 3:45. The Wheeling team took their places in the field at that hour, with Parvin in the box and the ball was delivered across the plate several times in accordance with the rules, and five minutes later, Youngstown still not appearing, Umpire "Jack" Crogan awarded the game to Wheeling to the tune of 9 to 0.

About a hundred spectators were on the grounds and to these the management issued rain checks. The Youngstown team arrived shortly after 4 o'clock, and the team reached the ball park about 4:45, but only to find the place deserted and the gates locked. Of course Manager Truby could only blame his ill-luck in not reaching the city on time, and Wheeling gets a "good luck" victory, and, by the way, it is about time a little good luck struck the Wheeling team. There have been numerous instances of the other kind this season, most prominent being that Mansfield game which was lost because the club hadn't taken the precaution to have a number of balls on hand.

BASE BALL COMMENT.

The Wheeling and Youngstown teams play this afternoon, and Manager Truby's men are going to make a desperate effort to even up on the unearned victory the Wheelings scored yesterday, owing to their non-appearance. Roach or Crow will pitch for the visitors, and "Big" Parvin will put 'em over for the Stogies.

Manager McAleer is not with the Youngstown team this trip. Harry Truby is in charge of the team here.

Wheeling is still negotiating for some of the Atlantic league players, but so far without success.

It is said Peter Healey, the railroad contractor, is trying to buy the Wheeling club from Mr. Howell, and that he is backed by the Wheeling Railway Company. The rumor, however, could not be confirmed last night.

Of Tuesday's Wheeling-Mansfield game, the Mansfield Shield has the following, which shows Wheeling won the game fairly:
Up until the ninth inning Parson Nicholson had been square and just in all his decisions, but Pitcher Smith was partial at times. When Mansfield went to bat in the ninth Smith's partiality was evident. Proctor was given his base on balls, Beecher singled and Proctor went to third. Beecher at second and Nicholson called him out. Whether he was out or not is a question. Beecher says Lyons never touched him, but tapped the ground. Proctor scored on Beecher's attempt to steal. Flournoy was given his base by Smith, who called all balls. Beecher went to center field, and Flournoy stole second and then attempted to steal third and was safe by four feet, but Nicholson called him out, which made the third out, retiring the side and ending the game.

The Wheeling players walked off the field. Smith called the ball a foul on which Flournoy went from second to third on the Wheeling players refusing to continue the game and Smith gave the game to Mansfield 9 to 0 on account of Wheeling refusing to play.

After Wheeling refused to play a crowd gathered on the grounds and was very much with the Haymakers when they are in the right, but it is not "Mansfield right or wrong."

It is true when Mansfield is abroad it is robbed, and was robbed of two games last week and a visiting team here is treated much better than Mansfield is when abroad, but no one will dispute the fact that Wheeling won the game fairly and is entitled to it.

Races Yesterday—Queen City Stake Goes to Ohio.

BUFFALO, N. Y., August 10.—The four day card of the Buffalo Driving Club was completed at the Fort Erie track today, although with the brisk half hour's shower, and the match affairs, the grand circuit performers were kept busy until close to 8 o'clock.
The shower sprang up as the horses were called for the third heat of the Queen City stake, and it made the track heavy and sticky. This stake was a hotly contested affair.

NELSON BROKE RECORDS

In His Win of the 100 Kilometer Race at Montreal

MONTREAL, August 10.—Another beautiful day and a crowd of 5,000 people greeted the second day of the world's cycle meet. The racing was of a better order, the management giving pace-makers places in the semi-finals.
There were two world's championships on the card, the 100 kilometer race and the mile professional. The former race was a gift for the Chicago rider, John A. Nelson, who had no difficulty in winning, beating Ben Goodson, the Australian, by nearly four miles, and Hild, of Winnipeg, the only other finisher, by seven miles. It was easily seen that records were going to fall when Nelson rode the first five miles in 9:23, and he kept on reeling off miles at a two-minute gait until he had the amateur record in the distance.
Major Taylor had little difficulty in adding the mile professional cham-
